PAGE 1 / 1

On the committee's July quarterly report, "CAV call agent salary" was incorrectly listed as a payee (payments were actually made directly to callers, not to the committee or a vendor). The generic entries and memo transactions to individuals were deleted, and itemized transactions to individuals were entered. The July filing also listed 05/10/2014 to 05/16/2014 payroll payments twice, causing the committee to show a negative balance. Both mistakes were fixed and re-filed in our amended October quarterly report (filed on 10/15/2014).
